

Homework & Practice 7-3

Count on a Number Chart to 120

Another Look! You can use a number chart to count forward.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
101	102	103	104	105	106	107	108	109	110
111	112	113	114	115	116	117	118	119	120

What number comes after 33? 34

What number comes after 34? 35

What number comes after 35? 36

33, 34, 35, 36

HOME ACTIVITY Write the following series of numbers: 15, 16, _____, 18, _____, 20. Have your child write the missing numbers. If necessary, create a portion of a hundred chart on a sheet of paper for your child to use while filling in the missing numbers. Repeat with other numbers.

Count by 1s. Write the numbers. Use a number chart to help you.

1. 71, _____, _____, _____, _____

2. _____, _____, _____, 101, _____

3. _____, _____, _____, _____, 111

4. _____, _____, 65, _____, _____

Count by 1s. Write the numbers. Use a number chart to help you.

5. 40, _____, _____, _____, _____

6. _____, _____, _____, 32, _____

Higher Order Thinking Write the missing numbers. Look for patterns.

7.

			85			88		90
92		94		96			99	

8.

		18		20
	27	28		
	37			
46				

9.  **Assessment** Draw an arrow to match the missing number to the number chart.

92 70 55 31

54		56	57	58	59	60
----	--	----	----	----	----	----

10.  **Assessment** Draw an arrow to match the missing number to the number chart.

46 33 84 17

81	82	83		85	86	87
----	----	----	--	----	----	----
