## Homework & Practice 1-5

### Solve Problems: Compare Situations

**Another Look!** Match the red cubes with the blue cubes. Then count how many more.

How many red cubes? 8

How many blue cubes? 5

How many more red cubes? 3

$$\underline{8} - \underline{5} = \underline{3}$$

**HOME ACTIVITY** Give your child 5 blue buttons and 2 green buttons. Ask: Are there more blue or green buttons? Have your child tell how many more blue buttons than green buttons he or she has. Repeat with up to 10 blue buttons and 10 green buttons.

Write how many red cubes and blue cubes. Then tell how many more. Write a subtraction equation to match.

\_\_\_\_ red cubes

\_\_\_\_ blue cubes

Which color has more cubes? \_\_\_\_\_

How many more? \_\_\_\_\_

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

\_\_\_\_ blue cubes

\_\_\_\_ red cube

Which color has more cubes? \_\_\_\_\_

How many more? \_\_\_\_\_

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

Solve each problem below.

3. **Number Sense** Sam plays with 5 dogs. 3 dogs go home. How many dogs are still playing with Sam?

Write an equation to match the story.  
Then tell how many.

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$\underline{\quad}$  dogs

4. **MP.4 Model** David has 6 tickets. Mimi has 2 tickets. How many more tickets does David have than Mimi? Draw cubes to show the subtraction. Then write an equation to match the story. Tell how many more.

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$\underline{\quad}$  more tickets

5. **Higher Order Thinking** Draw some red cubes. Draw more blue cubes than red cubes. Write a subtraction equation that shows how many more blue cubes than red cubes you drew.

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

6. **Assessment** Lucy has 6 apples. Julie has 7 apples. How many more apples does Julie have than Lucy?

- 0                      1                      6                      7  
(A)                      (B)                      (C)                      (D)
